

Javier Díaz Rodríguez

PRODUCT DESIGNER · BARCELONA

[Javier Díaz Rodríguez](#) +34622466372 hola@javierdr.com

Simplifying complexity through design. 4 years of experience building high-impact digital products, collaborating with global companies, and transforming technical requirements into intuitive experiences.

Product Designer

Feb 2025 - March 2026

Freightos

- Spearheaded the redesign of core booking and quoting flows, simplifying complex logistics data for global carriers and shippers.
- Directly collaborated with key partners like Qatar Airways, Roche, and Nippon Express to deliver high-stakes B2B digital solutions.
- Bridged the gap between product and engineering, transforming complex technical specs into intuitive prototypes while working in tight sync with PMs and QA.
- Optimized design-to-development handoff in an Agile environment, managing multiple workstreams and reducing friction in iterative release cycles.

Junior UX/UI Designer

Dec 2022 - Feb 2025

- Owned the end-to-end design of specific features within the booking platform, ensuring visual consistency and usability across the ecosystem.
- Contributed to the evolution of the Design System, creating and documenting reusable components that improved design-to-dev efficiency.
- Conducted usability testing and user research to identify friction points, translating insights into actionable UI improvements.
- Collaborated daily with engineering squads to ensure high-quality implementation of designs and resolve technical constraints during development.

UX/UI Intern

May 2022 - Dec 2022

- Supported the senior design team in creating high-fidelity prototypes and UI assets for the Freightos marketplace.
- Assisted in the maintenance of the UI library, ensuring all components followed brand guidelines and accessibility standards.
- Performed competitive benchmarking and industry research to provide data-driven foundations for new product concepts.

Graphic Designer & Creative Direction

Jun 2020 - May 2022

Horizon Training

- Conceptual and visual development of advertising campaigns for social media.
- Photo retouching and vector material processing for corporate identities.
- Creation of audiovisual content for social media using DaVinci Resolve and Adobe After Effects.
- Development of strategies to achieve sales and profit targets, as well as customer service objectives.

SKILLS

Product

Data analysis, User research, User testing, Teamwork, Wireframing, Prototyping, AI workflows...

Tools

Figma, Slack, Figjam, v0 by Vercel, Claude...

Languages

Spanish, English and Català.

EDUCATION

AI Masterclass for Designers, Perception and Memory in HCI and UX...

The Interaction Design Foundation 2022

Master's Degree in Design and Management of User Experience and Digital Services

ELISAVA 2021 - 2022

Design Degree

La Laguna University 2017 - 2021

AWARDS

- Double Nominee (ADG Laus & Elisava Master Awards) for the 'SWAP' project, recognizing excellence in design and innovation (2022-2023)
- Published Case Study: COVID-19 signage system for public transport, featured by the University of La Laguna (2021)
